

ARWDW '19 SINGAPORE WORKSHOP

Venue: National University of Singapore, Organized by ARWebDev Labs

Virtual (Online) Participation Guidelines

Virtual Participants can join the ARWDW '19 meeting from their actual zone. All participants will get the link for downloading the conference app for the first meeting. The ARWDW '19 organizing team will provide the access code to connect the sessions prior to the event.

Each participant in a web conference needs to have the following:

- A Computer/ Tab/ Smartphone with Internet connection
- A web browser (like Internet Explorer, Firefox, Google Chrome)
- An email address (To provide the link for connectivity and hands-on practices)
- The URL for the web conference's browser-based portal (**To be provided by the organizer**)
- The downloadable application (**To be provided by the organizer**)

One-time meeting (Video Conferencing via Zoom) - Module 1

20 Dec 2019, Friday 9 AM – 1 PM

Virtual Participants must join the workshop (Module 1) as per the Singapore Time Zone: GMT +08:00

<https://www.timeanddate.com/worldclock/singapore/singapore>

Anytime meeting (Web Conferencing) -Module 2, 3

21 Dec 2019 to 14 Feb 2020

Hands-on virtual training for Module 2 and 3 will schedule as per the Dubai Time Zone: GMT +04:00

Note:

- (1) Special virtual slot will provide on the basis of the attendees time zone. The organizing team will design the final slot after closing the registrations, thus they will get the actual figure of attendees in various time zones. Right now, ARWDW '19 has confirmed attendees from Singapore, Malaysia, India, Middle East, USA, UK and Africa.
- (2) The main medium of sharing files, guidelines, resources, tutorials etc. via Email & Slack during online sessions.

Browser Based Tools for Virtual Participants

Here's the list of tools for your reference purpose. The complete list will provide only for the registered attendees.
